dor (Republic of), France, Great Britain, Greece, Hamburg, Hanover, Hawalian Islands, Hayti, Italy, Lubeck, Mecklenburg-Schwerin, Marocco, Netherlands, Norway, Oldenburg, Peru, Portugal, Prussis, Roman States, Russis, Schleswig, Spain, Sweden, Turker, United States (seagoing ships and inlined waters), Unguay.

And whereas, Articles II and IS of the said regulations appended to the said recited Or der of the 9th of January, 1863, are as fol

are meeting end on, or nearly and on, in such a manage as to basolos risk of collision. They, consequently, do not a pply to two ships which must, if both keep on their respective courses, pass cleff of each other.

The quity cases in which the said two Articles apply, are, when each of the two ships is end on, or nearly end on, to the other; in tother words, to cases in which by day, each ship sees the musts of the other in a line, or occurry in a line, with her own; and by night, to cases in which each ship is just a position as to see both the side lights of the other.

LATE FOREIGN NEWS.

American News

The latest news from the States goes as far as the lat of November, so that nothing can be known as yet of the Presidential election The news from the South is by no mean gratifying. Serious troubles have occurre in New Orleges, where the armed force ha several times been called out against the rioters. Movements of a suspicious character are taking place in Texas, under the very eres of the authorities.

There does 'not exist, perhaps, at this me ment, any place in the world where the authority is placed in a more critical and precurious position than the Isle of Cuba. May the tarrible lesson which San Dominge taught to the world at the close of the las century not be forgotten, and may those hot bloomed and imputicut abolitionists well be in mind the tragical fate of those spostles of immediate cofranchisement-their produce sors-who, after having coused the utte rain and desolution of one of the most fertil and beautiful islands in the world, the cru and burbarous murder of thousands of lo mocent persons, fell, themselves, victims to those terrible passions which are easily

those terrible passions which are easily roused, but impossible to check.

Fineral or Commander Merchell.

The remains of the late Commander John G. Mitchell, of the U. S. Steamer Saginar, were encoted by the officers and crew of the Assirpadesse to the steamer Jandons, 1ting at Pacific street wharf. The steamer conveyed its remains to Mare Island, for interment in the Naval Cemetery.

Wassingoros, Oct. 22.—A letter from one of the highest officers in rank in Texas, reports that the robots in several counties of Northern Texas are organizing regiments.

orthern Texas are organizing regimen Notisern texts are organizing regiment, pretending to be done under the authority of Geo. Reynolds, extensibly for the purpose of gighting Indians, but really for the purpose of driving out the Federal troops. Ex-Gevenor Throckmorton is among the leaders of

ernor Throcamorton is among the legiers of the movement.

Havana, Oct. 20.—Volunteer companies are forming in all parts of Cuba, offering their services to the Captain-General.

Order prevails, even in Puerto Principe, for the first time.

Heavy rains in the interior prevent the troops from pursuing the insurrectionists as swiftly as desired.

THE SITUATION IN SPAIN.—Isabella I dethround. This is now a fixed fact. The question is, what form will the new Government assume? Will the Prince of the Asturias be sammoned to the throne? No; he is a minor, and his accession would in. he is a minor, and his accession would involve the necessity of a regency. Will the
Dake de Montpensier be offered the crown?
No for France would bitterly oppose such
an arrangement. Will a republic be proclaimed? No; for the European Powers
would regard such a movement with Jealous
hostility. Will the Salie law be recognized,
and the legitimacy of the decendants of Don
Carlos, in the female line, be affirmed? No;
for this would be victually to throw the four-Carlos, in the female line, be affirmed? No; for this would be virtually to throw the Government juto the hands of the elected party, the best plan for the Syanish Liberals would be to summon the King of Portugal to the throne of Syain, and thus unite the two countries under one Government. But it seems doubtful whether such a project could be carried out. The masses of the Syanish people would revolt spainst the idea of accepting as their rules a Portuguese King; and it is possible that the Portuguese themselves would object to being consolidated with Spain even upon the terms of furthemselves would object to being consolidated with Spain even upon the terms of furnishing a King to the united Government. Upon the whole, the Spainish question must still be regarded as one of those the solution of which cannot as yet he definitively solved. It is believed the Ministry will only retire before a large Liberal majority in the peat House of Commons.

House of Commons.

The Swedish Polar Expedition has returned after penetrating to the eighty-second-degree of north latitude.

It is reported that bands in Alicante, Spain, have proclaimed a Federal republic. Disturbances have broken out in Malaga and a Granda. Troops have been sent to the latitude place.

By way of Panerna we, have Sydney dates
of Sep. 2nd, and Wellington dates of Sep. 9th.
The Sydney recreasiondest of the Panama
Sor and Head writes the following sum-

ary of news, any of news, the Governor has sum oned Parlament to meet on the 18th of Or ber for the despatch of business. It is ought that the next session of the legisla thought that the next session of the legisla-ture will praye a nonsually stormy one, and will either prove fatal to the present Ministry or give them a holo on the sympathies of the great mass of the colonists, which will in-sure their tenure of office for several years. The most important subject will be the ac-tion of the Government respecting the at-tack apon Prince Altred. When the unfortu-bate affair occurred the Government alleged they had positive information of an organized conspiracy, "and the essience of a new crime." The Opposition dured them to prove it, and any smount of sbase was headed upon them for daring to make such an assertion without proof.

Early this morning, on the first notification of trouble. General Buchanan ordered a tin these respective treaties, and no others; company of infamiry to murch down the river. It that in the opinion of this Commission, the Later in the day he dispatched another come time has come when the Government should pany of infamiry in the same direction, one cease to recognize indian tribes as domestic the steamer Elia Morse, instructing the official and independent nations, except so far as cors in charge to arrest all the ringleaders who could be found.

NEW ORLEANS, Oct. 25th, Evening—It is may be realist to recognize indian tribes as such by existing treaties, and by treaties made but who could be found.

NEW ORLEANS, Oct. 25th, Evening—It is not yet ratified; that hereafter all Indians currently reported this evening that the first schall be considered and held to be individuabled to infamiry was attacked, but by whats ally responsible to the laws of the United body of men is not ascertained. Staff officers that the first control of the laws of the United body of men is not ascertained. Staff officers shall be cultified to the same protection from when the rumors agreed this morning, and have as other persons, owing allegiance.

IMPROVED MODE OF SIGNALISING AT SEA enious but thoroughly simple appara cented by Mr. George Reed, R.N., fo he purpose of indicating at once during it as by seemaphore, and at night by lamps, the novement of the belim of a ship, was practilly and successfully tested in the Mersey of sept. 11th, in the presence of a large number gentlemen of sautical pursuits and explores. A steamer, the Sea King, was splicing. A steamer, the purpose, and there on board Lieut. Parks, R.N.; Captailly engaged for the purpose, and there on board Lieut. Parks, R.N.; Captailly engaged. rere on board Lieut Parks, R.N.; Captain ward, president, and Capt. Cromar, vice-resident, of the Liverpool Mercantile Maine Service Association; Mr. Tyndell, solletor to the Board of Trade; Captain Edgili, arveyor to the Saivage Association (Lloyd); lapt. Cawklit, chief surveyor to the Liverpool Underwriters; Mr. Ford, apperintending engineer to the Bahia Steam Navigation Sompany; Capt. Paton, West India and Paife Steam Mavigation Company; Captain Yleod, Navel Examiner to the Board of rade; Captains Cornforth, Ponsonby, Reid, and others. The principal feature of Mr. teed's apparates is the coungetion (by means f an endiese rope) of the helm of the ship rith the starboard and port lights during the day, so that any movement given to the day, so that any movement given to it im is correspondingly indicated to say a median vessel, and the danger of collision by antice. The invention mas also as imposed use the part use in naval factics, where, by eight come the mast-liend when the lower part of hip is enveloped in smoke, the course whice saids of a fleet are taking is at once ascelinable.—Morgan's Trade Journal.

THE FRENCH ATLANTIC CARLE.—The snufficture of the new transstlantic subconfidence of the new transactantic sub-nariae telegraph cable for the French com-any (Société du Cable Transatiantique-rancais Limited) was according to the outraset with the Telegraph Construction and Maintenance commenced at the G Perche Works, Wharfroad, city-road, yet day. It is understood that the compan-be intended to submerge the cable summer, between Brest and the Un States, via the Island of St. Pierre (Gu St. Lawrence). The Great Eastern st. ship has been chartered by the contrac-for the purpose of sasisting in the operat and arrangements are perfect-ing her in the Modway, where brought round from Liverpoo be cable as manufactured, and shipped

The French Fleet have just been published. From them it appears that 4 frigstes, 7 corvettes, 4 guardacostas, and 1 flosting battery are now being built in the different military ports of France—in all, 16 steam ironelads. The steam vessels of the French navy are 316 in number, of a total force of 73, 000 borses. The inonclad feet, now composed of 28 vessels of all kinds, will consist of 44 when the sixteen now building are completed. A model ship, of superior power to any the fleet now possess, and in be called the Richdien, will shortly be put on the stocks at Toulon.

"I propose, your Honor, to lay down the law in this case," said a legal gentleman, in one of the courts, recently. "I suppose so, Mr. Shallow—you generally do it Sir—that's the trouble with you, Sir—you lay 2: down, and have nothing to do with it at all, Sir," was the reply of the Judge.

A SUIPMASTER'S APPEAL IN BEHALF OF ABOR ESCHANGE — An experienced shi mater, who knows what he is writing abor-ognesis the diffs to publish the followi-communication for the benefit of the co-merce of San Francisco, and the honor

communication for the benefit of the community:

Entross Atra: Permit me through your columns to address a few words to the shipmasters frequenting this port on a subject that has fong been a grirvons one to them—I mean the present peruicious and disgrace ful system of shipping seamen in vessels beomal off the coast. Of that system a few words will suffice, as every shipmaster requiring a crew has had, to his sorrow, to pass through the "hands of the Phillistnes."

There is a society bere composed of boarding-house keepers, who are banded together for the purpose of monopoliting the whole of the shipping business of the port, which is performed in this wise: Immediately a ship caters our harbor, a whole pack of "abarks," frommonly known as rumers, board her, and it plants our harbor, a whole pack of "abarks," frommonly known as rumers, board her, and it plants our harbor, a whole pack of "abarks," from monly known as rumers, board her, and it plants our harbor, a whole pack of "abarks," from so in highly; "there keeping him far a week, or at the most a fortnight, in a state of intoxication, Shangkai him through the assistance of a well-known shipping office on — street, on board of some ship wanting hands, charging the ship \$20 blood-mency, and receiving the man's two month's advance (\$60), making for each man \$80 those unburnan shove trafficers obtain. The scaman, perchance, after a day or two, recovers his senses, and to his horror realizes his position, and feeling that he has been actually bought and sold, acts in a sullen manner whilst on board, and is ship. This, gentlemen, you know to be the mildest term in while I can picture this outrage to civilization, now existing in our milds. You are the interested ones, together with your owners; but, in my experience as a shipmaster, none suffer worse than yours-leves. Is it not a diagraca that this fearful pestilence should longer exist in one of the largest scaperts of the United States?

New to atterts annihilate this sell, you are at any smount of abuse was healed upon them for daring to make such an assertion without siting in our midst. Over are the interested proof.

An important discovery—a mine of Comasses bar—has been made in the western district than yourselves. Is it not adigrate that this of this colory, samples of the ore assayed of the mint richeled So per cent of Quicksilver. On Saturday, the 15th, between half past 8 or small II, there was a meat extraordinary tides of the largest scaports of the United States? Now, to unterly anotheliate this svil, you are called upon through the promoters of that model institution, the California Labor Exchange, the constitution that the largest scaports of the United States? Now, to unterly anotheliate this svil, you are called upon through the promoters of that model institution, the California Labor Exchange, to action. Every merebant, I begins to be a control of the wide of our castern sea-coast.

On the 17th a solar sclipse was observable along the whole of our castern sea-coast.

On the 17th a solar sclipse was observable in Sydney, but the effect was not so striking a tome had anticipated, in coase and the whole of our castern sea-coast.

On the 17th a solar sclipse was observable in Sydney, but the effect was not so striking a tome had anticipated, in coase and the solar time before sunset. Only about one third of the planet was observed.

The 6th all, being "Prince Alfred's birth-and was the occasion of the opening of day," was reichnated as a general holiday every true lover of liberty will be tondered by another section of the government railway on the solar time before sunset.
